

Recipe 2:

Brown Sugar
Glazed & Maple
Squash

STEP 1: Prepare Squash

Cut the squash in half and clean the seeds from the center.

STEP 2: Prep Squash & Bake

In this sweet treat, I covered the squash in butter and brown sugar and put maple syrup in the center.

I baked it @ 400 degrees for 20 minutes until it was soft on the inside and a golden crisp brown on the outside.

* This squash was smaller so it took less time to bake

STEP 3: Enjoy A Delicious Treat

Once the squash is completely cooked you take it out of the oven and enjoy a sweet dessert!
