

## **For volunteers, capstones, and interns**

**Please dress for all sorts of weather, no matter the season.**

### **In the rainy months**

Dress warmly and in layers, a waterproof shell is highly recommended, and with farm-appropriate footwear (rain boots are best for most seasons). You may get muddy, so make sure you keep this in mind. If you have an extra pair of shoes to change into once you're done at the farm, you might want to have those handy.

SIC does have rain boots and rain jackets to borrow.

### **In the summer**

Dress for the sun while keeping in mind we work with a variety of students and families with various backgrounds. What feels like your summer best may cause others to pause, we are trying to make all of our students and families feel comfortable. Light layers are a great way to keep cool and the sun off. Don't forget your SPF.

### **All Seasons**

Bring lunch and a water bottle (we have a water bottle filling station in our office)
